

AMIGA OPERATING ADDENDUM

PLEASE NOTE: THIS PACKAGE CONTAINS ONE 3 1/2" LOVE QUEST DISK.

This addendum is for owners of AMIGA COMPUTERS. Please use this addendum to Get Started and Load Love Quest in your computer. After you have loaded Love Quest please refer to your Love Quest owner's manual.

GETTING STARTED

SET UP: In order to run Love Quest program you will need the following equipment:

- 1. An AMIGA with disk drive and at least 512K of memory.**
- 2. A printer, (the program can be run without it, but you will not have a record of data and files).**
- 3. Power supply (any 110v AC outlet)**
- 4. Monitor screen (a color TV, a color composite monitor, a black and white TV, or RGB monitor).**

OPERATIONAL NOTES ON USING THE PROGRAM

In addition to the instructions contained in your owner's manual, please note the following operating parameters for your AMIGA Love Quest Program:

1. If you attempt to print anything, and the printer is not turned on, and on-line, the program will abort. So, please make sure your printer is on and ready to be used when running the program.

2. Please note that the Amiga Program uses normal F1, F2, etc. function keys.

3. When you exit Love Quest you will be back in the AMIGA operating environment.

USING LOVE QUEST

Please refer to your owner's manual for detailed usage instructions.

LOADING LOVE QUEST (Are you ready?)

Note: Please be sure you have the computer properly hooked up and are familiar with its operation. If there are questions about the computer please refer to your owner's manual. With your AMIGA computer on insert the disk labelled Kick-Start (your operating system disk) in the computer.

Now after the computer "boots up" the Amiga operating environment and the computer asks you for the Work Bench disk, insert the disk labelled "Love Quest" Start-Up into the computer. In a few seconds the program will "boot up" and you will see the opening Icons. If you don't see these graphics in 15-30 seconds, repeat the above procedure or consult your AMIGA Owner's manual. You are ready to load Love Quest. Position the mouse over the disk Icon that says LQ and double click (or click on) this Icon. In a few more seconds a window will open containing the Program Icon labeled LQ Start, now double click on this Icon and the program will load.

Note: Please make sure that you do not remove disks or press return when the disk access light is on or the program will give you a warning message!
